EDUCATION

High School Student
John P Stevens

4.0

Courses
- AP Comp Sci A
- AP Comp Sci Principles

WORK EXPERIENCE

Coach/Teacher
FLL

03/2023 - Present *Edison*

I teach the kids about FLL and other robotics principals for 2 hours a week. All the coding we do is in the python module

Achievements/Tasks
- Won FLL

Web Designer
Hyderabad Apartments

07/2023 - Present *India*

I build a website for my grandparents to help them track their rental properties and rents. I got paid to perform this too.

Achievements/Tasks
- I finished the entire project in 1 week by myself

SKILLS

Python Javascript Django React Java
MongoDB Springboot Html Css

PERSONAL PROJECTS

Bus App (06/2023 - 06/2023)
- I built a bus app with a team of 5 people for a hackathon. I did most of the backend and was the leader of my team. The app was able to track your bus driver that choose your route and showed it on a map while tracking the distance between you and your driver. This allowed people to know where their stop was.

ORGANIZATIONS

ACSL (08/2022 - Present)

FLL (08/2021 - Present)
I participated my first year and now teach/couch a team of students.

Hands of Hope (04/2022 - Present)
I volunteer here and there with this organization

CERTIFICATES

Java: Zero to Hero Course (08/2022 - Present)

ACSL (08/2022 - Present)
3rd highest score out of the 10 in my team. Almost perfect preseason score too

Harvard: Intro to Computer Science (07/2021 - 05/2022)
